## TEN QUESTIONS ABOUT THE BUS:

THE SAME ONES ASKED MULTIPLE TIMES AT EACH SHOW. JOHN BENSON GIVES GREATER DETAILS BEYOND HIS USUAL YES/NO ANSWERS.

① WHERE DID YOU GET IT?

a retired oakland cop sold it to me after the o.p.d gave up the project of converting it into a cop shop. i have owned it since june of 06.

② DID YOU PUT ON THAT TOP?

- no the police dept did in 1986, they put the all the sheet metal on it and painted it white in the process of making it a mobile police station.

### ③ HOW MUCH DOES IT GET PER GALLON?

strangely it gets the same mpg as my van, about 9 miles to the gallon. i have no idea why that is since it weighs 13 1/2 tons and has the largest engine built for a land vehicle.

### ④ WHAT KIND OF ENGINE IS IT?

- its a cummins 903 the same engine they use in tanks today, its rear end comes off (wheels, tranny, and engine) all with four bolts, that way they just helicopter the new "power pack" in and bolt it together in the field. "tripple a" doesn't provide this service unfortunately.

### ⑤ IT RUNS ON VEGGIE OIL?

yes that was the most of the work put into it. Its a long story and yes it did catch on fire twice.

### ⑥ HOW CAN I BOOK A SHOW?

ask  its turning out to be a fair weather venue so i would like to wait till the warm weather comes back around.

### ⑦ HOW DO I FIND OUT ABOUT SHOWS?

I put up a myspace post and sometimes george puts it up on zumonline.com and sometimes you can call "bad-smut" and hear about the next location. Im always looking for good locations !mama buzz on telegraph often is a good meeting spot to pick up people on our way to the spot...

### ⑧ DO YOU NEED A SPECIAL LICENSE TO DRIVE IT?

no. its a r.v. other folks (thanks dave/john) drive it too. I don't live in it, I have a house, I do plan on driving it around the country next summer.

### ⑨ HOW MUCH DID YOU PAY FOR IT?

5 thousand dollars, I am still paying off large credit card debt from this last summer and continual vandalism.

⑩ ARE YOU TRYING TO COMPENSATE FOR SOMETHING? yes. my hummer is bigger than your hummer.
