There Goes the Neighborhood! is a four-day event that positions "the neighborhood" as a fluid institution of creative production, critical thinking and intersecting interests. Collaborations among artists, residents, small businesses, universities and local activists will culminate in a series of workshops, talks, installations, performances and tours that center around the North Park neighborhood of San Diego, with satellite events at the UCSD campus and the San Diego Museum of Art (in conjunction with the opening night of the Summer Salon Series).
